

Plug-n-Locate GPS Tracker

3-Locate's newest product is revolutionary. The Plug-n-Locate GPS tracking device is one of the smaller units in the market. Installation is easy and simple! Use for initial pilot and then trade up to wired units if necessary. Our Plug-n-Locate GPS tracking device can help you locate the vehicle at anytime and pinpoint its exact location on a map. We are committed to helping your business achieve the highest success.

Fleet Tracking & Management

You'll be able to manage company vehicles and employees more efficiently, increase productivity and ultimately increase your profits.

You can accurately determine where a driver has traveled, how fast they were driving, where and for how long they stopped. Using our GPS locate system, you can eliminate unauthorized vehicle use, excessive overtime and increase response time.

Drivers who know they are being monitored will follow guidelines and take more direct routes to jobs, and are more careful and courteous.
